User Manual

OPERATION

Light

- Press and hold the power button to activate the light.
- Press and hold again to turn OFF.

Fan

(PAL-360 must be opened in order to activate the fan. Make sure fan blades are overlapping before closing.)

- Press the power button to activate Low Mode.
- Press again to activate High Mode.
- Press again to turn OFF.

To use the fan and light together, follow the instructions above in conjunction with each other.

RECHARGEABLE

To charge, simply plug the PAL-360 into a power source with the included USB-C charging cable. *(Recharge time: 2 - 4 hours)* When the PAL-360 is charging, an LED will illuminate to indicate the power level.

- **RED FLASH** - charging
- **RED SOLID** - fully charged

POWER BANK

The 2000mAh power bank can be used to recharge your USB powered devices. To use, simply plug your USB device into the PAL-360 using the USB port.

When the power bank is being used, the battery indicator will remain on.

- **GREEN FLASH** - power bank is charging device
- **GREEN SOLID** - battery level is 25% or less

CAUTION:

- Do not touch the fan blades when the fan is ON.
- Keep out of reach of children. Use only with adult supervision.
- Keep fan blades away from hair to avoid entanglement. If hair becomes entangled, the fan blades are easily removable just by pulling away from the product. Remove blades from hair and reattach.
