

HANDHELD

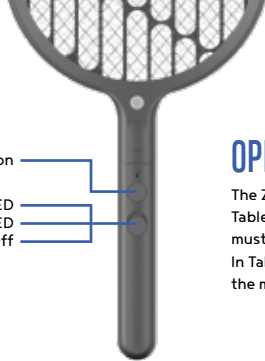

MOSQUITO ZAPPER

The Handheld Mosquito Zapper is both versatile and powerful. Use it like a racket, or fold the handle to place it on a flat surface and let it do the work for you.

FEATURES:

- USB rechargeable
- UV LED light to attract insects
- White LED light for finding insects
- Swivel handle for Tabletop mode
- Durable plastic construction
- Two zapping modes

www.SKEETER-HAWK.com

- Power Button
- Tabletop/UV LED
- Handheld/White LED
- Off

OPERATION

The Zapper features two modes; Handheld and Tabletop. In Handheld mode, the pushbutton must be pressed to activate the zap grid. In Tabletop mode, the zap grid is active when the mode is activated.

TABLETOP READY

To use in Tabletop mode, simply rotate the handle to the left until it stops. Slide the selector to Tabletop mode to activate the UV light and Zapper.

MAINTENANCE

Turn off the zapper before cleaning. Use a nylon brush (not included) to dust off the zapper after each use. Do not use any liquids or damp cloths.

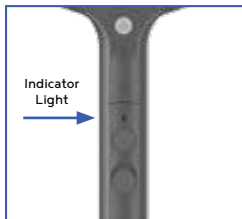

INDICATOR LIGHT

The zapper features a charging indicator light near the switch.

Charging Mode

- Red = Plugged in and charging
- Off = Plugged in and fully charged

The indicator light will turn red when the zap grid is active.

CAUTION

- Keep out of reach of children.
- Do not insert fingers or other objects into the zap grid.
- Product is not waterproof, but can be used outdoors. Take appropriate precautions.
- Do not clean with any liquids or damp cloths. Turn zapper off before cleaning with a nylon brush.
- Keep USB cable away from heat, sharp edges, water or other liquids.
- Battery is not replaceable.
- Use only as directed.

QUALITY GUARANTEE

This product is guaranteed against all defects in workmanship and materials for the original owner for one year from the date of purchase. Damage to or failure of the product or any component thereof due to alteration, misuse, or lack of maintenance will void any and all guarantees.
