## EZ-RJ12/11 Connectors

The original patented EZRJ12/11 connector simplifies twisted pair terminations by allowing the wires to be inserted through the connector and out the front. This allows the technician to easily verify the proper sequence prior to termination. Use the EZ-RJPRO HD Crimp Tool for fast, reliable single cycle crimping and trimming of the excess wire.

- UL Rated
- FCC Compliant
- 6P 6C
- 50µ gold-plated contacts
- Solid or stranded wire
- Made in the USA
