VDV MapMaster 3.0

Verify, Measure and Map

- Large Backlit Display
- Built-in LED flashlight
- Glow-in-the-Dark Keypad

- Detects Open, Shorts, Miswires, Reverses & Split Pairs
- Single-ended Testing for Shorts & Split Pairs
- Measures Length in Feet/Meters
- Port Link Light

Convenience Features

- Large Backlit Display
- Port Link Light
- Audible Beep Feedback
- Slip-resistant side grips

Key Features & Benefits

- Easy to read, backlit LCD screen with large icons, glow-in-the-dark keypad and built-in LED flashlight for use in dark areas
- Tests to T568A/B wiremap configuration: shorts, opens, miswires, reverses and split pairs
- Verifies continuity for multiple cable types (LAN, Phone and Video)
- Single-ended testing for shorts and split pairs
- Audible beep for additional feedback
- Identifies cable location on active ports using flashing Link Light
- Measures cable length, distance to opens and breaks
- Auto-off and timed backlight in any mode for low power consumption and long battery lifemode for trouble shooting
- Low battery icon indicator
- Auto power-off & low power consumption for long battery life
